

REVIVE KITCHEN THREE

Based on the concept "MODERN SHOJIN",
THREE restaurant prepares seasonal produce
using traditional cooking styles with a modern twist.

Incorporating a rich variety of Japanese ingredients,
the wholesome dishes beautifully decorate the dining table
by demonstrating the principles followed by THREE:
"local products for local consumption"
and "you are what you eat."

The nourishing ingredients slowly but surely satisfy
the mind and body after each bite, resetting the five senses
to neutral through the appreciation of flavors.

We hope you enjoy your meal
filled with calming energy to awaken the inner beauty.

OZEN PLATTER

Through the seasonal blessings delivered
by the ingredients and seasonings, REVIVE KITCHEN's signature menu
addresses the fluctuations of the mind,
body and skin caused by changes in the season and climate.

Inspired by Shojin Ryori,
Buddhist vegetarian food made without meat or fish,
all the dishes are prepared in a simple manner that
cherishes the delicate aroma of Japanese ingredients.
